Exam : **1z0-1076-20**

Title : Oracle Cloud Platform Systems
Management 2020 Associate

Vendor : Oracle

Version : DEMO

NO.1 When Oracle Management Cloud is integrated with on-premises Oracle Enterprise Manager Cloud Control, which two options would you use to ensure that an Oracle Management Cloud agent has the proper file access to function? (Choose two.)

- A. Install Cloud agent as the same user as the Oracle Enterprise Manager agent.
- B. Use setfacl to give the Oracle Enterprise Manager Agent user read permission on the Cloud agent base directory.
- C. Use setfacl to give the Cloud Agent user read permission on the Oracle Enterprise Manager agent base directory.
- D. Use chown to change ownership of all Oracle Enterprise Manager Agent files to match the owner of the Cloud agent.

Answer: A,C

NO.2 Which two tasks require <instance> Oracle Management Cloud Administrator role to be performed in the Oracle IT Analytics service? (Choose two.)

- A. Analyze middleware and database performance trends and common issues.
- B. Analyze and plan middleware and database resources.
- C. Enable licensing on entities.
- D. Download the Installer for Oracle Management Cloud.

Answer: A,B

NO.3 You are installing an Application Performance Monitoring (APM) agent on a WebLogic server. The installation script completed successfully, but your application server does not appear in Oracle Management Cloud (OMC). Which troubleshooting step should you perform?

- A. Ensure that your registration key appears under OMC Agents > Registration Keys.
- B. Confirm that your Gateway Agent is online and sending data to OMC.
- C. Download the OMC Master Installer from OMC Agents > Download.
- D. Verify that you have modified the WebLogic startup script and restarted the server.
- E. Create an Application Definition for your application server in APM.

Answer: B

NO.4 Which three are functional areas of Oracle Configuration and Compliance? (Choose three.)

- A. Execution and scoring of custom scripts or processes
- B. Execution of REST based cloud rules against cloud provider endpoints
- C. Results consumption and scoring of automated industry-standard benchmarks
- D. Rapid detection, investigation and remediation of the broadcast range of security threats
- E. Proactive monitoring of issues, troubleshooting and resolving them before they impact end user

Answer: A,B,C

NO.5 A customer wants an email notification sent when the performance of their enterprise application is poor.

How should you configure and accomplish that function using the Oracle Management Cloud (OMC)?

- A. Create a Log Analytics rule to send a notification when performance error occurs in the application server logs.

- B.** Create an Application Performance Monitoring (APM) Application Definition to notify users when performance is below a predefined value.
- C.** Create an OMC Alert Rule to send a notification when a page response time is longer than a predefined value.
- D.** Configure the IT Analytics Performance Analytics: Middleware dashboard to send application performance notifications.
- E.** Create an APM Alert Rule to send a notification when the request response time is longer than a predefined value.

Answer: A

NO.6 Your customer wants to install 10,000 Oracle Management Cloud (OMC) cloud agents for Oracle Log Analytics. What is the minimum number of gateway agents needed for the deployment?

- A.** 5 gateway agents; because a gateway can manage data transfer for up to 2,000 cloud agents
- B.** 1 gateway agent; being a gateway, it can manage data transfer for any number of cloud agents
- C.** 2 gateway agents; because a gateway can manage data transfer for up to 5,000 cloud agents
- D.** 10 gateway agents; because a gateway can manage data transfer for up to 1,000 cloud agents

Answer: A

NO.7 When diagnosing a server response time issue using Application Performance Monitoring, what is the smallest sample period that you can select to display?

- A.** Last 60 mins
- B.** Last 10 mins
- C.** Last 15 mins
- D.** Last day
- E.** Last 1 min
- F.** Last 6 hours

Answer: B
